The Golden Chassis Studebaker Will Be On Exhibition at Bisbee Auto co's Show Rooms, Sunday, June 25

The people of Cochise County and especially the Warren District will have an opportunity to view the "Golden Chassis" of a Series Seventeen Studebaker automobile. This "Golden Chassis" was shown at all the New York and Chicago automobile shows and since then has been exhibited in all the principal cities from Chicago to San Francisco, going the northern route.

It is now being taken east through the South and will be shown in two Arizona cities, Phoenix and Bisbee. From Bisbee it will be taken to El Paso and on East.

The "Golden Chassis" is traveling by express and is accompanied by an engineer from the Studebaker Factory. All the working parts of the automobile can be seen—the pistons, crank shaft, differential and transmission are all actually gold plated and will be exhibited in actual operation.

It will be worth while to see this demonstration whether you own an automobile or not and it will be especially interesting and instructive to all automobile owners.

The "Golden Chassis" is finished in gold from the tips of the springs in front to the lamp bracket on the rear. It is the largest and costliest product of its kind ever exhibited in the whole world.

Nearly 3000 parts are finished in GOLD. More than 350 ounces of PURE GOLD were used. The "GOLD CHASSIS" as it stands is valued at more than \$25,000.

On exhibition all day Sunday, June 25th, at the show rooms of the

BISBEE AUTO CO.

FRENCH DESTROYER SUNK BY COLLISION

PARIS, June 17.—The transport France collided with an English torpedo boat destroyer in the English Channel last night, says a Havas despatch from Havre, and the war vessel was cut cleanly in two. The stern part of the destroyer sank immediately while the fore part of the vessel owing to the water tight compartments, was towed back to England. The despatch says there are some victims but the number is unknown.

TO PAY LATE CHINESE PRESIDENT REVERENCE

WASHINGTON, June 17.—Memorial service for Yuan Shi Kai will be held in Washington, June 26, the Chinese legation announced today, as a part of the official funeral ceremonies for the dead president of China. President Wilson, government officials and the diplomatic corps in Washington will be invited to attend. A large portrait of Yuan will take the place of the usual catafalque.

GLOBE JUSTICE OF THE PEACE VISITS SON FOR FEW DAYS

Judge Hinson Thomas, of Gila County, Here On Vacation Trip. Visitor Thinks Bisbee Looks Prosperous

Justice Hinson Thomas, for many years one of the most prominent lower court officials of the territory and state of Arizona and favorably known to many residents of the Warren District, arrived in Bisbee yesterday morning from Tucson and will spend several days here, visiting his son, Frank E. Thomas, the city magistrate.

Judge Hinson Thomas is taking a vacation. "I wanted to get away from the office and at the same time see something of several parts of Arizona in which I am much interested. When I left Globe I went to Ray, where in 1881 I spent some time on the spot which is now the town of Kelvin. I have also visited Florence where I spent many years.

"That particular part of the state appears to be in a flourishing condition and far in advance of what we old timers of that region ever dreamed. "Bisbee, physically, does not change much. I was here two years ago for very short visit but I do notice that the streets are crowded with people, all of whom appear to have something to do. That bespeaks prosperity. Bisbee is known all over the state as the richest of its copper producing towns."

Judge Thomas will spend several days here with his son and expects to take several trips into the surrounding country.

HOME GUARDS WILL HOLD RIFLE SHOOT AND BIG BARBECUE

Big Time Promised Those Entering in Rifle Shoot Which Will Be Staged At Rifle Grounds Next Sunday

On Sunday, June 25, the members of the Warren District home guards, organized for some time past to act in case of trouble with Mexico and steadily practicing in all of the essentials of their work will hold a big rifle shoot and, later in the day, a monster barbecue at Highland Park.

Since the organization of the home guards, constituting about 300 members, rifle practice has been had and the various squads have been working very quietly, but none the less earnestly and efficiently. The shoot next Sunday, which will be made just to the rear of the city reservoir and at the 200 ran range will be the first thing of a public nature which the guards have staged.

All of the guards in the District have been urged to participate in the shoot. Each man who desires to do so should report to his guard leader or to James Allison. A fee of \$1.50 will be charged for entry into the barbecue, to be held at Highland park, after 4 o'clock in the afternoon, when the shoot will have undoubtedly been completed. The families of those entered will be made welcome and a monster crowd is expected to take advantage of the outing and rifle shoot.

ORPET'S TEMPER FIGURES IN CASE

Dozen Chums Talk Of Defendant Youth's Love, At Murder Trial

(By Review Leased Wire.)

WAUKEGAN, Ill., June 17.—Ten school girls testified for the state today in the case of Will H. Orpet, who is charged with the murder of Marion Lambert. All were at Marion's birthday party February 6, three days before her death, and testified that she was cheerful and happy. Tears came to her eyes as she did to those of Anna Paulson because the latter could not pass the night with her, as had been a birthday custom with them for years.

The most interesting testimony came from Florence Russell, who slept that night with Marion and they talked much of Will Orpet, of his love and of his temper, too.

Miss Russell testified that Marion had discussed with her the reported engagement of Orpet to Miss Youker and said she expected to see him soon and ask about the rumor and that if it were true she did not know what she would do.

HUGHES WANTS G. O. P' CHAIRMAN WHO'S NEUTRAL

(By Review Leased Wire.)

WASHINGTON, June 17.—Charles E. Hughes, Republican nominee for the Presidency, devoted much of his time today to consideration of whom he would select as chairman of the national committee. He discussed the chairmanship with many callers, including several members of the Progressive wing of the party.

Mr. Hughes' advisers said tonight that the nominee was seeking a chairman possessing the following qualifications:

He should be a man who has not been actively identified with any faction of the party. He should be acceptable to the Progressive as well as to the Republicans. He should know politics but the nominee would prefer a man who has not been too actively identified with politics during the past few years.

SONORA TROOPS THREATEN PERSHING

(Continued from Page 1)

larger towns of Sonora, against American occupation increased local uneasiness tonight.

DOUGLAS, Ariz., June 17.—The movement of the garrison was entirely unexpected to the people of the

Mexican town who are highly excited but at a loss to understand the meaning of the evacuation.

Colonel A. Fraijo and his officers are said to have held a conference following which orders were issued for the evacuation. The private soldiers did not know where they were going, nor why.

It is reported here tonight that a call has been issued at Mictesuma, Sonora, 125 miles south, for a meeting to be held Sunday for the purpose of protesting against the presence of the American army on Mexican soil.

C. AND A. BAND TO PLAY AT VISTA

The C. & A. band, whose Sunday evening concerts at the Vista Park at Warren have been drawing thousands, will be heard again in concert there tonight. The music is free, contains a number of classical pieces, and is scoring a big hit with the pleasure loving public. The program is as follows: "March," "Dominic," "Chambers," "Overture," "Italians in Algeria," "Rosini," "Carnet Pastasia," "Angletorre," "Dedman," "Soloist," A. M. Bernard, Selection, "Aida," Verdi, Valse, "Moonlight on Hudson," Herman, "Atlantis, the Lost Continent—Nocturn and Morning Hymn of Praise—A Court Function—I Love Thee Princess Anna—The Destruction of Atlantis," Serenade, "Ellenor," Deppen; Operatic Rag, W. H. Martin, director.

SAYS STANDARD OIL DEMORALIZES OIL INDUSTRY

WASHINGTON, June 12.—Independent oil jobbers testified today before the federal trade commission that the Standard Oil Company had demoralized the oil industry and through failure of the units of the company to compete in each other's fields, had jeopardized the existence of independent jobbers and refiners. They declared that arbitrary high prices set by the Standard Oil Company in eastern states had cut off the supply of oil to the independent refiners.

PACIFIC READY-CUT HOUSES SAVE HOME-BUILDERS MONEY

Price \$549.80 Garage Pribe \$71 ric

There Are No "Leaks" in the Pacific Ready-Cut System of Constructing Houses

Every dollar buys full value. It's the only system that is absolutely 100 percent efficient. You don't have to pay out Contractor's profits, Lumber Dealer's profits, Architect's fees, etc. You don't have to buy from 15 percent to 20 percent more material than is actually used, in order to allow for wasted lumber, mistakes, etc. You don't have to pay out a great sum of money for slow, expensive hand labor. These and many other details of expense are eliminated. That's why hundreds of home builders have saved as high as 50 percent by taking advantage of this up-to-date, high-class construction system.

These houses are as permanent as any well-built homes. They are not sectional or of light construction. We build ready-cut bungalows, beach and mountain cottages, garages, temporary schools, real estate offices, gasoline supply stations, and, in fact, any kind of frame building.

The Ready-Cut System Briefly Described
 You get all the material cut to exact size, marked and prepared, ready to be nailed in place by your carpenter. Our prices include everything—lumber, sash and doors, roofing, flooring, hardware, paints, etc. Simple plans and instructions to show where each piece goes. No guess work.
 Call for details. Free Bungalow Book of designs on request.
